Observations... From Around Town

(BY JAY WHOZIT)

The Brothers of the Sacred Heart closed their Retreat at St. Stanislaus on Wednesday morning—appointments for the coming session were announced and named to succeed Brother Peter as President of St. Stanislaus was Brother Alexis, who served on the faculty from 1936-1942—for six years he was Vice President—two years under Brother William and four years under Brother Peter—we know of no one more worthy or more capable of filling the vacancy due to the continued illness of Brother Peter, who was recently referred to in the daily press as AMERICA'S number one boy psychologist since the death of Father Flanagan of Boy's Town—we extend our congratulations to Brother Alexis and wish for him much success . . . the long-talked-of ferry service between Henderson Point and Bay St. Louis will probably be in service this Saturday, and should provide some measure of relief to the motoring public until the bridge repairs will have been completed . . . according to the terms of the contract awarded to Newsom Brothers of Columbia, Miss., for approximately \$395,000, the repair work on the bridge is scheduled to be finished on September 20th, just 45 days hence, but there seems to be considerable doubt in the minds of many as to whether this is really possible, some putting the time at four months, others as long as six months, but of course, only time will tell, and we will have to be patient and wait for results . . . August is the month in which the local library makes its drive for funds, so if you want to do a good deed, send in your donation now . . . Monday is election day again, and although it is very important there will be very little activity, as it is the City General Election, at which time the Mayor and Commissioners for the next four years are actually elected, they being only nominated for election in the preceding primaries, which is of course, tantamount to election in Mississippi . . . our congratulations to the Bay St. Louis Rockchaws and their sponsors and the Hancock Legion, on winning the South Mississippi title, by defeating Gulfport in their last two games and our best wishes follow them to Jackson, next week, where they meet their next opponent, as yet unnamed . . . the City Fathers, we understand, are now in the process of revising the real estate assessment rolls of the City of Bay St. Louis, for the taxable year of 1948, and when completed, will (after due notice) be opened to the taxpayers for their inspection, and objections, if any, will be filed and considered by the Commission Council in meeting, for a limited time . . . total tax collections for the month of July were \$4,676,731.52, more than \$600,000.00 in excess of collections for the same month last year. Of this amount more than two million dollars was accounted for by the 2% sales tax . . . we note the garbage situation is considerably improved in the past few weeks, thanks a lot, Mayor, for your attention . . . Stanislaus will begin their 1948 football practice the latter part of this month . . .

Rock-A-Chaw Baseballers Enjoy Shrimp Supper; Learn of State Opponents

The members of the American Legion Baseball Team of Bay St. Louis were treated to a shrimp boil Tuesday night at the K. C. Hall after winning the Region four crown from Gulfport Monday.

After the treat of shrimp, the champs were forced to retreat before a barrage of friendly needling and criticism by their sponsors over some of the strikeouts and homers made during the season. Toastmaster W. J. Gex, Jr., opened the fun with a blast at third baseman Buddy Cravetto, and from there each boy was literally picked to pieces.

Mr. Gex, arriving from Jackson just as festivities were beginning, brought some eagerly awaited news as to next week's state play-off.

Jackson will be the host team in a double elimination play off from August 9 through 14. The four regional champs are Jackson, Greenwood, Corinth and Bay St. Louis.

Two games will be played each day, with an afternoon affair getting off at 3 p. m. and the night game starting at 8.

The winners will journey to Dallas, Texas, later this month to enter the National Regional series.

St. Margarets Daughters Sewing For Needy European Children

Clothing for Child Victims of War Campaign sponsored by the National Council of Catholic Women is being ardently answered by a group of St. Margarets Daughters of this city, who despite the extremely hot weather, have continued to meet weekly to sew small garments in order to provide warm clothing for Europe's children.

A special Apostolic Blessing has been sent by Pope Pius XII to all women participating in this good work.

The number of garments is growing and the box in which they are to be shipped is fast filling with white flannellette infants garments, booties, caps, receiving blankets, dresses, sweaters, and other necessities. One of the most generous gifts received was from Mrs. Louis B. Pate, who gave thirteen knitted sun caps, and various other garments which made a handsome addition to the collection of infants garments.

Meeting last week at the home of Mrs. James Seghers on Citizen and Hancock Streets were the following ladies: Mesdames Daisy Wentworth, Octave Delph, James W. Crawford, Maurice Artigues, Earl Wiegand, Luke Saucier, Scott Assenheimer, A. O. Cloutier and G. F. Stevenson.

On Monday they met at Morreale Stadium in Bay St. Louis and the Rocks won behind the 5-hit pitching of Charley Ladner 5-1. By winning the second game, the Rockchaws captured the South Miss. crown and will journey to Jackson next week to engage in the play-off for top State honors. Four teams, the champions of the four state regions, will be represented in the tournament, namely: Jackson, Greenwood, Corinth and Bay St. Louis.

During the regular season the Bay St. Louis nine lost only one game and that to Hattiesburg, but bounced right back to win the next two.

In nine games the locals have scored 114 runs to opponents 37, with 18 of the opponents runs being scored by Hattiesburg in one game.

In Monday's game, Coach Forster Commagere saw another of his young proteges rise to new heights. Charley Ladner, who had pitched in 3 games, caught 1 game, and handled short stop chores in 4 games, walked to the mound and showed the visitors a fast curve ball that held them to 3 hits until the ninth inning. His control was perfect with 1 walk chalked up against him and 12 strikeouts to his credit.

FORSTER COMMAGERE

The boys who compose the American Legion Baseball team of Bay St. Louis were very thoughtful of their Coach, Forster Commager, on the occasion of his birthday. They defeated the Gulfport Legion team and won the South Mississippi Regional championship on Monday and following the game they presented him with a birthday cake; then all joined with their coach to eat it and enjoy some refreshments.

Coach Commager was sixty-five years of age last Sunday. He is a remarkable man in many ways. First he does not look his age, next he does not act his age, and the greatest of all he has not lost his interest in youth.

He came to Bay St. Louis as Coach at St. Stanislaus in September, 1915 and remained there a number of years; then he accepted a position at Gulf Coast Military Academy as Coach. Following his resignation from this institution he returned to Bay St. Louis to live and is now County Probation Officer and Athletic Director of the County Public School System. It is under his direction that the Annual Field Day meets are held in the County. He encourages the boys under his direction to lead a good life by participating in clean and wholesome sports. He teaches them the true art of sportsmanship, and he truly exemplifies character, for he is a noble Christian gentleman.

The boys of the Legion Team should appreciate their coach, for in addition to his various duties he has taken time out to teach them the fundamentals of baseball, and the results speak for themselves. His team will compete for the State Championship and who knows what the results will be, perhaps the regionals and may be the Nationals. We may be charged with being optimistic, however you should never sell Forster Commager short. He has many championships teams to his credit. He has developed many great athletes, Marcy Schwartz, Zeke Bonura, Johnny Scafile, Wop Glover and others too numerous to mention. You may rest assured whether they win or lose the boys of the American Legion Baseball Team and their Coach will reflect credit on your City.

WAVELAND RECEIVES MUCH PUBLICITY

The Town of Waveland has certainly received much publicity in the New Orleans daily newspapers and particularly in the New Orleans Item lately. Various pictures of the building that is taking place in our sister city has been displayed in photographs in several issues of the New Orleans Item.

Large headlines stating that "Waveland Rebuilds with Boom Tempo" and the following article appearing thereunder:

"There seems to be no stopping Waveland, typical Gulf Coast town. The pretty little city on the Gulf of Mexico was one of those badly smacked around by last September's hurricane. Many houses were demolished. The seawall was crumpled. Piers were knocked over like match sticks. Today, there's a terrific rebuilding program going on in Waveland. Homes and piers are going up with amazing speed. Business is being pushed, and tourists are swarming in. The Item's Roving Reporter reports details in his column. He found that residents didn't leave, discouraged by the big blow. They apparently built more, stayed, and brought their friends. It's boom season."

Thomas Griffin the "Roving Reporter" for the New Orleans Item, in its issue of August 2nd., heads his column "Waveland Rebuilds" and we quote in full what he had to say:

"WAVELAND—The sound of hammer and saw drowns out the roar of the surf and the rustling pines here this summer. Waveland is rebuilding with such rapidity after last year's devastating hurricane that already she looks like a new girl with a fresh paint job who bids fair to attract more tourists than ever."

Most of the debris is cleared away. Only a few wind-smashed homes remain as reminders on the beach. Many of the piers that were blown to bits have been replaced and 30 new ones built. Damaged homes have been remodeled. New ones are going up not only on the beach but on the back streets and subdivisions in the piney woods.

A total of 94 building permits for new or renovated houses has been issued by Mrs. Harold K. Holderith, city secretary and assessor, since last Sept. 19 when the big wind struck. This for a strictly resort town with a population of only 1240 will give you an idea how property holders picked up the gauntlet flung down to the tune of more than a million dollars damage and the loss of five lives.

Instead of a general exodus away from the open sea to the hinterland, residents are digging in more firmly than ever and real estate is going over the counter so fast gossip at bridge clubs can hardly keep up with the deals.

But here's an inkling. T. P. Hickey of 4903 Constance St., New Orleans, who opened the Hickey Subdivision east of Waveland Ave. last April, sold out of 58 lots by the end of May. He is starting another one at Waveland Ave. and Market St., which he hasn't named yet, but in which he has already sold 11 lots.

Some persons here attribute the wave of buying at Waveland (pardon the pun) to high taxes in Louisiana. They point out that food and assessments are far cheaper here. So much so, in fact, that it has become common practice for weekenders to stock up on meat and groceries before the return trip to the city.

Waveland also enjoys an advantage over the other resort towns along the coast in its proximity to New Orleans; one hour and 20 minutes by motor and one hour and a half by train. A commuter's train stops every morning and afternoon.

Mayor Garfield Ladner, a tall, lithe Frenchman with a thin black mustache, says he is holding assessments down to \$17 a foot on the beach, and, in some cases, only \$1 a foot on the back lots, despite the fact that property on the beach is going at \$100 or more a foot at the present time. (The tax is computed at 30 mills on the \$17.)

Waveland also is coming of age commercially. Although the mayor can still count the number of business establishments on his fingers, they are sprouting up along Coleman and Nicholson Aves. like clover after a rain.

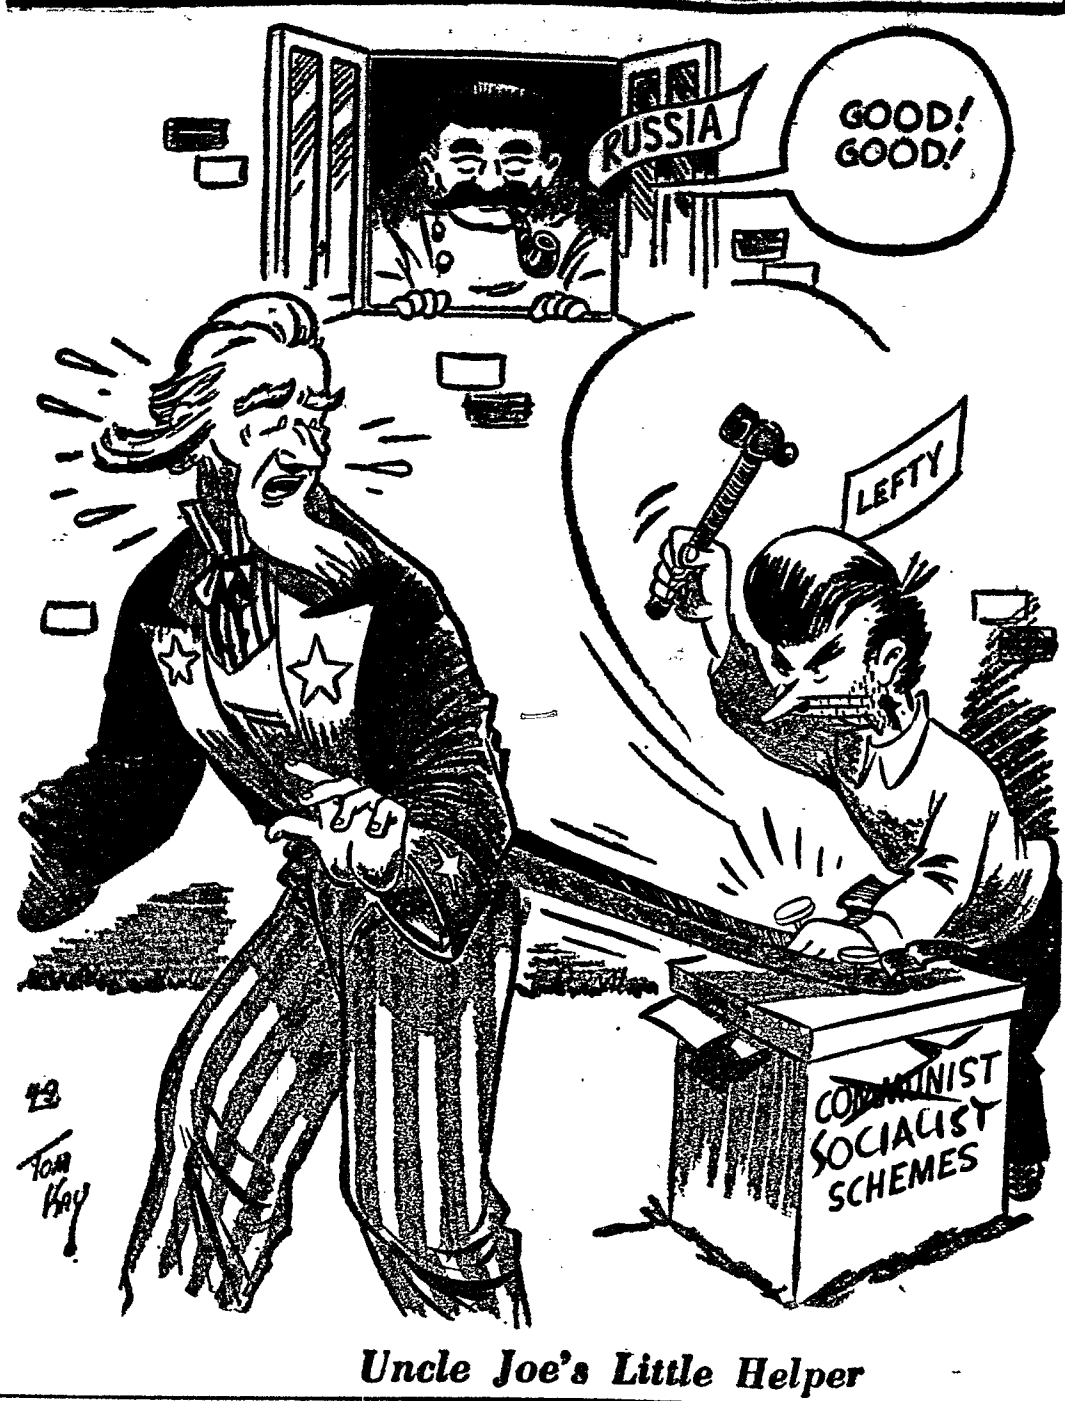

There are now five restaurants (two more than before the hurricane), two hardware stores (one a super-duper new one), five groceries, five filling stations, one drugstore, a barber shop, a beauty parlor and a bus line to Bay St. Louis.

The most recent step toward progress, however, is the city's new fire engine—the first one ever acquired since Waveland was incorporated in 1888. This called for a parade through the town Sunday a week ago with Fire Chief Fred L. Herlihy in the driver's seat. In case of fire, its 600-gallon tank and pump will be manned by volunteers. The city hopes to round up 30 of these; has 20 already pledged.

In addition to the engine, the city also operates a municipal school bus which takes all the kids to the elementary school here and to high schools in Bay St. Louis.

Rebuilding of the municipal pier has progressed to 200 feet—enough for vacationing bathing beauties to lie on to get a tan—and workmen are hammering away at the remaining 300 feet at the present time. Mayor Ladner, a painting contractor by

THE AMERICAN WAY

Uncle Joe's Little Helper

trade, says he plans to build and paint two more piers when this one is completed.

But while Waveland has much to bring contentment to an old or middle-aged heart, it has little for the young to do after the sun goes down. One drugstore, a few pinball and slot machines in the cafes—and that's all, brother!

This need, I am happy to say, is being recognized by C. B. Mollere, a large and enterprising native, who already has plans drawn for a combination bowling alley and dance hall. Construction, he says, will begin in the fall.

We must take our hats off to the officials and citizens of Waveland, they are going to put Bay St. Louis in the shadows if we do not awaken. They have a live town and their efforts are a challenge to us to get on the ball. The incoming City administration should take note of what is happening.

Hancock County Youths Attend Forestry School

Three Hancock County youths attended the Mississippi Forestry and Chemurgic Association's Conservation School at Percy Quinn Park this week.

They are: Tommy Shaw, Perkins; Ronald Raby, Picayune; and L. J. Bobinger, Kiln, Mississippi.

The boys spent a full week at the State Park and heard lectures on forestry, soils and wild life conservation by leading authorities. In addition, a well-balanced recreational program was offered under the leadership of Frank Pittman, executive secretary of the association.

The Boy's Conservation School at Percy Quinn is one of three scheduled this year by the Forestry and Chemurgic Association. The first was held at LeRoy Percy Park in the Delta and the third session will be held at Roosevelt Park in August.

Approximately 80 youths, representing 26 Central and South Mississippi Counties, attended. Tom DeWeese, of Philadelphia, is president of the association, and Jack Stuart, Morton business man, is chairman of the Boy's Conservation School.

To the Voters of Bay St. Louis:

My congratulations and best wishes to the successful candidates. I am sincerely confident that their efforts during the next four years will result in a better and more prosperous Bay St. Louis.

Sincerely yours,

ERROL FLYNN, ANN SHERIDAN STAR IN FILM

Man's conquest of the silver mines in Nevada, prior to the establishment of law and order, is vividly portrayed in Warner Bros.' newest epic of the Far West, "Silver River," co-starring Errol Flynn and Ann Sheridan, which opens Sunday and Monday, August 8 and 9 at the A. & G. Theatre.

"Silver River" spans the momentous period, 1885 to 1882, and takes the hero, Flynn, from the battle of Gettysburg to Washington, D. C., down the Mississippi river to St. Joseph and across the plains to the frontier mining town of Silver City, Nevada. Thomas Mitchell and Bruce Bennett head the supporting cast, which also includes: Tom D'Andrea, Barton MacLane, Monte Blue, Art Baker and thousands of extras. Raoul Walsh, identified with Hollywood's most ambitious western epics, directed this important production.

"Silver River" marks the return of Flynn to the devil-may-care type of character which has made him an international screen favorite. The film also marks a complete change for Miss Sheridan. She plays a Southern beauty transplanted to the rugged west, who is constantly at odds with the hero.

Warner Bros. have spared no expense in making "Silver River" a lavishly mounted picture. In addition to the stars and featured players, there is a total of 75 speaking parts in the film. Also over 6,500 extra players were used at various times for some of the bigger sequences.

Of particular interest on the production end is the fact that 12 cameras were used simultaneously at one time on shooting. This was for the spectacular free-fall fight between miners and rowdies of Silver City, the story's locale.

Veterans News

Next Saturday, July 31, is the last opportunity for World War II veterans to reinstate lapsed National Service Life Insurance on a "compensative health" basis, VA has announced.

All VA offices in the Dallas Branch Area of Texas, Louisiana and Mississippi will remain open Saturday so that veterans may reinstate under present liberal regulations.

After Saturday, veterans whose insurance has been lapsed more than three months must take physical examinations to qualify as insurable risks.

QUESTIONS AND ANSWERS

Q—Will the Government deduct money it paid on the guaranteed portion of my loan or the payments made for schooling and subsistence allowance from any future bonus that may be authorized by Congress?

A—No.

Q—May a veteran, who is receiving disability compensation, receive (at the same time) subsistence allowance under the G-I Bill?

A—Yes.

Q—I am a World War II veteran and I desire to purchase a car to go to the coast and get a job. Will Veterans Administration guarantee a loan for the purpose?

A—No. VA will guarantee a loan for a car only when the vehicle is to be used for business purposes.

Q—How can I show that my parents are dependent on me for support?

A—Dependency will be held to exist if your parents do not have an income sufficient to provide reasonable maintenance for themselves and members of their family under legal age, or members of the family otherwise dependent by reason of mental or physical condition.

Q—I cashed the compensation check that VA sent me. Does that mean that I am satisfied with the rating given me?

A—No. The fact that you cashed the check does not waive any rights you may have in claiming greater compensation or pension than that which was awarded you.

A three-line message in the Echo's Classified Column will rent that spare room for you. Only 30c.—Adv.

"Some people seem to entertain a
false impression by forgetting that
newspapers in the United States are

reply that the editors of the Echo
inserted in answer to a rather insul-
ting article that appeared in the
Times-Picayune of that day.

The following article appeared in
the Echo: "The Echo's columns are
open to the people to express their
views and opinions on public matters,
and we want this opportunity to be
taken advantage of. This is the
people's paper and for the people. No
one-sided affair, but always ready

paragraph was the opinion of the
editors of the Echo as to the real
purpose of the people's paper.

A question had arisen as to whether

Social Security Is Earned
Insurance Not Charity

"Earned insurance, not charity," is
the way Mrs. Wimberly, Manager of
the Gulfport Social Security Field
Office described old-age and Sur-
vivors insurance benefits. The num-
ber of people who apologize for them-
selves when they file claims with
the Gulfport Office of the Social
Security Administration caused her
to make the explanation.

"Old-age and survivors insurance,"
she explained "is not a dole, but an
annuity based upon the wage earn-
ers' contributions, their own by
right of purchase, something to be
proud of."

Mrs. Wimberly states there have
been actual cases of wage earners
65 years of age and older losing ben-
efits by not filing a claim, when their
reason for not filing was simply that
they did not want to admit they
were 65 years old and no longer
working.

Mrs. Wimberly insists that every
wage earner who has worked in
employment covered by the Social
Security Act should get in touch with
the nearest Social Security Field
Office, when he attains age 65. The
Social Security Field Office servicing
the following counties: Hancock,
Harrison and Jackson is located in
the Salloum Building, corner 14th
St. and 26th Ave., Gulfport, Miss-
issippi.

COUNTY AGENT NOTES

The annual Farm and Home Week at State College was held last week. More than 1500 farm men and women saw the exhibits, went on the tours of the campus and farms, heard the outstanding speakers and still had time to visit with friends and play a little.

The exhibits arranged by manufacturers and agricultural service agencies, drew crowds every day. On display were the latest farm machines and home equipment. The educational booths told the story of one-variety cotton, the importance of forestry, poultry and other agricultural enterprises in Mississippi.

The handicraft booth, arranged by home demonstration club women, featured hand-hooked, floral rugs, etched metal in copper and aluminum, quilts and other such articles.

Feature Speakers

The three feature speakers were John Temple Graves, of Birmingham; Allan Kline, president of the American Farm Bureau Federation; and Clayton Rund, editor, Gulfport.

Mr. Graves expressed the hope that "if any group has to rule America," it would be the farmers. He believes the farmers are the most right thinking group in America, and most free from the European disease of leftism.

"The farmer loves his land and home, and when he is prosperous, he is the bulwark of true Americanism," Mr. Graves said. "But if hard times should afflict him, Stalin, Wallace and Williams are expecting to establish Communism in this country under the guise of farm relief."

Fall Dairy Exhibits

At a business meeting during Farm and Home Week, the Mississippi Jersey Cattle Club set the dates for Fall dairy exhibits, as follows:

State Dairy Show, Jackson, October 11-16; McComb, September 20-22; Newton, September 27-29; Kosciusko, September 28-October 2; and Tupelo, October 5-9.

The best animals exhibited at these places in both the junior and senior divisions will go to the All-American Jersey Exposition at Columbus, Ohio.

Farm Safety

The dates for Farm Safety Week and Farm and Home coincided again this year. In the exhibit pavilion, the college auditorium, and in college buildings, the visitors saw a series of posters, cautioning them to be careful in their homes and on their farms.

Announce Establishment Of Farm Game Habitat

Establishment of a farm-game-habitat improvement project has been announced by R. M. Freeman, Director of Conservation, State Game and Fish Commission, under a joint co-operative plan sponsored by the State Game and Fish Commission, the Soil Conservation Districts and the U. S. Fish and Wildlife Service.

Agronomy Graduate B. C. Lundy, of Mississippi State College, whose residence is Philadelphia, Neshoba County, has been named project leader. Funds for carrying out the move to provide food and habitat for small game in the farms in Mississippi will be provided co-operatively through the Putnam Robertson Act administration. Shrubs, plants, seeds, vines, etc., will be furnished by the Commission to approved applicants who are sponsored by the respective soil conservation districts in the state.

"The establishment of proper food sources and suitable cover for small game is recognized as the most up-to-date approach to the wildlife management program," said Director Freeman. "In the past restocking has been thought to be the answer, and in rare instances it has provided some returns, but most states and practically all leading wildlife management specialists have given up restocking as being too expensive and the return too small for the amount invested. It is clearly evident that small game must have food and must have cover in which to take refuge from its natural enemies. We believe we are striking at the root of the problem in the establishment of a farm-game-habitat improvement project here in Mississippi," he added.

Don't Seine Pits For Fish For Farm Ponds

Dudley Heiliger, Fish Culturist of the U. S. Fish and Wildlife Service and head of the famous fish hatchery at Lyman, Mississippi, from which source most of the fish used in stocking fish ponds in Mississippi are derived, has urged that farm fish pond owners refrain from that impulse to seine up fish in bar pits, creeks, etc., to get a stock for their ponds. "We find many fish ponds ruined that way," says Heiliger, who is recognized as one of the outstanding fish culturists of the nation. "Wait for your shipment of broam or bass to come through," he adds, and states that there will be enough to go around for all bona fide applicants.

ing for a Fall?

You may be heading for a fall unless you check your climbing equipment and practices around your farm and home. Keeping ladders and step stools in good repair and climbing properly is a good way to avoid falls.

Does your ladder have any rusted or loose bolts and nails, cracked, rooted or loose rungs or supports? If so, make repairs now, or get a new ladder. That's cheaper than having an accident.

Standing on chairs, stools, boxes, tables or other makeshift ladders is a good way to get hurt. A safe stool for your home is a simple solution to this problem.

ORTTE THEATRE SUNDAY - MONDAY "STATE OF THE UNION"

With Spencer Tracy, Katharine Hepburn, Van Johnson, Angela Lansbury, Adolphe Menjou and Lewis Stone

"State of the Union," has been transferred to the screen by that master of down-to-earth laughs, Frank Capra, and, with the aid of a stellar cast, emerges at Ortte Theatre every bit as timely, witty and ribtickling as did the original Lindsay-Crouse satire on today's front page morals and manners which packed them in on Broadway for 765 performances, ran away with the Pulitzer Prize, and followed up with similar success in three road companies.

A noteworthy collection of screen royalty—Spencer Tracy, Katharine Hepburn, Van Johnson, Angela Lansbury, Adolphe Menjou and Lewis Stone—have the time of their respective acting careers in this fast-moving and punch-filled story of a black horse candidate for the White House whose principals of integrity are supported by his staunch wife but come close to being sidetracked under the influence of the owner of a chain of newspapers who is as dazzling as she is rich and powerful.

Every performance in "State of the Union," is an acting gem, with Tracy playing the homespun presidential candidate to the life, and Miss Hepburn offering a winning portrayal of the wife who uses both her feminine wiles and a sense of humor to win him over to her side. Also excellent are Miss Lansbury as the "petticoat power" who proves that beauty and brains can go hand in hand. Menjou in another of his apologetic portrayals, Van Johnson as the fast-talking trouble smoother, and Lewis Stone as a ruthless newspaper czar.

Givens and Rowena Givens and he leaves his wife the former Helen Breaud and three children.

—Walter Watkins, 76 years, died at the County Home Thursday morning. He was buried in the former land cemetery Thursday afternoon, the Rev. Garret conducting the services and Fahey Undertakers in charge of the funeral.

Mississippi Highway Patrol To Renew Program To Welcome Out Of State Tourist

Will Explain Traffic Laws To Visitors, When Possible
And Give Information on Roads And Detours And Such
Other Information Which May Be Helpful to Motorist

Colonel T. B. Birdsong, Mississippi Commissioner of Public Safety, has announced plans for early renewal of a program of welcoming out-of-state motorists into the Magnolia State.

The program will be similar to the one in effect before 1938, when Highway Patrolmen rendered courteous and informative services to tourists.

The announcement is in response to correspondence from Roy Heidelberg of Jackson, President of the Mississippi Automobile Club, in which Mr. Heidelberg assured the cooperation of his organization in renewal of the program.

When possible, patrolmen will welcome out-of-state motorists into the state explaining the traffic laws to the visitors and giving information concerning the protection of the state enforcement agencies.

Patrolmen will be supplied with road maps and information on the condition of roads, including any detours the motorists might travel. They will warn the motorists of any danger spots, such as blind intersections, curves, etc., that may be encountered. In addition, patrolmen will point out various points of interest which visitors may wish to see while in the state.

It was pointed out that the program will be an organized, concerted effort to continue the courtesies now being shown motorists by individual patrolmen.

Letter Carriers Condemn Waste Of Rural Road Funds

Biloxi, July 24, 1948.—A resolution urging that county road funds be spent by the county as a unit, and condemning the practice of dividing rural road funds into five parts for use of each Supervisor in a single beat, was adopted by the Mississippi Rural Letter Carriers Association in annual convention here.

Carl D. Barnes, retiring President stated that "the rural road problem in Mississippi can and should be solved by eliminating waste of road funds by counties, not by increasing gasoline taxes." Mr. Barnes referred to a report rendered by the General Legislative Investigating Committee of January 15, 1948, wherein the Legislative Committee declared: "It is obvious that much less has been sustained by the taxpayers of the state in the working of the public roads by the Boards of Supervisors in many of the counties."

A. W. Dennis, New Augusta, was elected to succeed Mr. Barnes as President. J. L. Coleman, Meadville, was chosen Secretary-Treasurer for the forthcoming year, succeeding E. A. Caples, Thaxton.

MIGRATORY WATERFOWL REGULATIONS RELEASED

Migratory waterfowl regulations for the 1948 season were announced Friday, July 30, by Secretary of the Interior, J. A. Krug, in Washington, D. C.

Specific regulations covering Mississippi, which is in the area designated as "Mississippi Flyway States," are as follows:

Mourning Dove: Sept. 16—Oct. 5 and Dec. 16—January 4.

Woodcock: Dec. 1—Dec. 30.

Rails and Gallinules: Oct. 15—Dec. 13.

Ducks, Geese and Coot: Dec. 10—Jan. 8.

Shooting hours for mourning doves from 12 o'clock noon until sunset. Daily bag limit 10, possession 10.

The daily bag limit and possession for geese will be 4, including in such limit either 2 of Canada Geese or its sub-species, white-fronted geese, or brant. Daily limit on ducks is 4, with 8 in possession.

The bag limit on coots has been reduced from 25 to 15 birds per day, and not more than that number in possession because investigations disclosed a reduction in the coot population.

Ducks, geese, brant, coot rails and gallinules may be taken daily from one-half hour before sunrise to one hour before sunset; woodcock from one-half hour before sunrise to sunset. The daily bag limit on woodcock is 4, with 8 in possession.

Regulations prohibiting the use of automatic-loading or repeating shotguns capable of holding more than three shells continues in effect. A new amendment this year, however, provides that the plug in such a shotgun must be incapable of being removed without disassembling the gun.

Meridian Hatchery Produces Million Fish in July

The fish hatchery operated near Meridian in Lauderdale County by the U. S. Fish and Wildlife Service has delivered one million young fish, bass and bream, during the month of July according to records of C. D. Flynt, Fish Culturist in charge.

These young bass and bream were delivered to Mississippi fish pond owners, public streams and lakes of the state, by fish delivery trucks operated by the State Game and Fish Commission.

Fred Downs, son of the late beloved Uncle Charlie Downs, has taken over the work carried on by his father for many years for the Commission. Young Fred was trained in the service by his father and farm fish pond owners may expect the same courteous informative help given for so many years by "Uncle Charlie."

Uncle Sam Says

What would you say if you saw a groundhog emerge from his hole this month with a stock of Savings Bonds in his paws? Millions of my nieces and nephews, who own Savings Bonds and are adding to their bond holdings regularly through the Payroll Savings or the Bond-A-Month Plans, would say that Mr. Groundhog has at last acquired common sense as a prophet of an early spring. There is no better harbinger of a bright, happy future is there than the growing, safe, profit-making financial reserve of United States Savings Bonds.

Miscellaneous Shower For

Miss Patricia Robin Given By

Mrs. J. A. Evans And Daughter

One of the many lovely affairs given for Miss Patricia Robin, bride of this month, was the miscellaneous shower at the home of Mrs. J. A. Evans on Saturday afternoon, July 31 with Mrs. Evans and her daughter Mrs. W. R. Pitcairn as hostesses.

The reception rooms were colorful and attractive with tall floor baskets and smaller containers throughout filled with Clematis and Rose O'Montana, Centering a lace covered table in the dining room was a wishing well, typical of the olden days with a bucket manipulated by winding the windlass. With the bride standing by looking deep into the well. Clematis climbed riotously over the well house. Completing this arrangement were four white lighted candles in silver holders. On the buffet and mantel were the

three tiered candelabra holding lighted green tapers. The color scheme of green and white predominated. A lime ice was served from a crystal bowl by Mrs. Pitcairn.

As each guest arrived they were handed a card upon which they wrote a wish for the bride-elect and dropped it in the well.

The honoree wore a printed real silk new model dress worn with a black hat and was presented with a corsage of butterfly gardenias. Upon her arrival after the guests had assembled she received and opened her gift. She was then directed to the dining room where she read her wishes.

The guest list included fifty of Miss Robin's close friends. There are several other parties to be given for the bride-elect.
